## DOMESTIC SECTION 214 APPLICATION FILED FOR TRANSFER OF CONTROL FROM ALIANT INC. TO STRATOS GLOBAL CORPORATION

### STREAMLINED PLEADING CYCLE ESTABLISHED

WC Docket No. 03-216

On September 25, 2003, Stratos Global Corporation (Stratos Global) and Aliant Inc. (Aliant) filed an application, pursuant to sections 63.03 and 63.04 of the Commission's rules,<sup>1</sup> to request approval for Aliant to relinquish its direct control of Stratos Global and its indirect control of section 214 holders Stratos Offshore Services Company; Stratos Telecom, Inc.; Stratos Mobile Networks, Inc.; Stratos Communications, Inc.; and Satellite Distribution Services, Inc. (Stratos Subsidiaries)<sup>2</sup>

Applicants assert that this transaction is entitled to presumptive streamlined treatment pursuant to section 63.03(b)(2)(i) because, immediately following the transaction, Stratos Global's licensed affiliates will continue to have a market share in the interstate, interexchange market of less than ten percent, these licensees would provide competitive telephone exchange services or exchange access services (if at all) exclusively in geographic areas served by a dominant local exchange carrier that is not a party to the transaction, and neither the transferor, the transferee, or the Stratos Subsidiaries is dominant with respect to any service.

Stratos Telecom, Inc. is a competitive local exchange carrier operating in Texas and Louisiana. Stratos Communications, Inc., Stratos Mobile Networks, Inc. and Satellite Distribution Services offer a range of mobile satellite services throughout the United States. Stratos Offshore Services Company provides fixed satellite and terrestrial wireless services in Texas, Louisiana and in the Gulf of Mexico. Currently the Stratos Subsidiaries are wholly-

<sup>2</sup> Applicants are also filing applications for transfer of control associated with authorizations for international and wireless services. Any action on this domestic section 214 application is without prejudice to Commission action on other related pending applications.

owned by Stratos Preferred Investments, Inc. Stratos Preferred Investments, Inc. is wholly-owned by Stratos Holdings, Inc. Stratos Holdings, Inc. is approximately 79% owned by Stratos Global (a Canadian corporation) and approximately 21% owned by Stratos Wireless, Inc. (a Canadian corporation), a wholly-owned subsidiary of Stratos Global. Stratos Global is approximately 53%<sup>3</sup> owned and controlled by Aliant (a Canadian corporation), a company indirectly controlled by BCE, Inc.<sup>4</sup>

Aliant proposes to relinquish control of Stratos Global and the authorizations held by its subsidiaries by selling its interest in Stratos Global to multiple shareholders through a secondary public offering. Aliant will issue subscription receipts that can be exchanged for Aliant's shares in Stratos Global once all relevant Commission approvals have been obtained for the transfer of control. Once the subscription receipts have been sold to multiple investors and then exchanged for Stratos Global shares following Commission approval, Aliant's interest in Stratos Global will be reduced from approximately 53% to zero. Stratos Global will continue to be a public company that is widely-held by primarily U.S. and Canadian shareholders. As a widely-held public company, no one shareholder will be in control of Stratos Global. Accordingly, upon Commission approval and conversion of the subscription receipts to Stratos Global shares, control of Stratos Global and its subsidiaries holding Commission licenses and authorizations will pass from Aliant to Stratos Global's numerous public shareholders, none of whom will hold a controlling stake.

The Applicants state that the proposed transaction is in the public interest. The proposed transaction will have no adverse effect on competition in domestic markets because the status of the Stratos Subsidiaries' controlling entity will not change – specifically, the Stratos Subsidiaries will not be controlled by an entity that also provides domestic telecommunications services. Further, the transaction will sever affiliations with Canadian incumbent local exchange carriers, eliminating any remote possibility of using those affiliations to impact the U.S. market.

### **GENERAL INFORMATION**

The transfer of control identified herein has been found, upon initial review, to be acceptable for filing as a streamlined application. The Commission reserves the right to return any transfer of control application if, upon further examination, it is determined to be defective and not in conformance with the Commission's rules and policies. Interested parties may file **comments within 14 days and reply comments within 21 days** of this notice.<sup>5</sup> Unless
